

Bettina Tran

Bettina Tran

Industry Partner

Roy Hill

Bettina is a Data Scientist/Analyst for Roy Hill

She works with operational and maintenance teams to gather, transform and manipulate data from different systems to enrich datasets. Her current role includes using Power BI, Tableau, R and Python Bokeh in order to discover valuable insights that will lead to business change and improvement. Bettina is also involved in contributing to the strategy of Roy Hill through applying techniques such as text analysis, speech recognition, machine learning to business problems.

Bettina represented Roy Hill on the Operating Committee and currently supports students on placements at Roy Hill.
