Johan Breytenbach

Johan Breytenbach

Partner Investigator

Roy Hill

Johan is a proactive member of the Centres Strategic Risk and Reporting Board, and Operating Committee. He is supporting Post Doctoral and PhD projects in all three Research Themes.

Johan has experience in maintenance and a passion for innovation, analytics, and continuous improvement. He comprehensively understands how proactive data science techniques will support maintenance and asset management practices. Johan is supporting our HDR and PDRs to weave these practices and considerations into the fabric of 'how' an organisation plans, operates and executes maintenance.

Johan participated in the Technical Language Processing Workshop delivered in 2022. Johan's ability to understand our research and provide practical insights and solutions will develop researcher skills and propel the delivery of our research initiatives.
