Dr Sirui Li

Research Fellow

Theme 1

Sirui Li is a research associate with Research Theme 1. Her current research focuses on Artificial Intelligence and Machine Learning.

In particular, she is interested in deep learning-based methods for discovering information in knowledge graphs.

She obtained her Bachelor's and Master's degrees from Australian National University. After her graduation, she pursued her PhD at Murdoch University.

Sirui is eager to utilize knowledge graphs in real-life industry applications and explore more fields, such as decision-making.
